ELENA ROSTOVA

FICTIONAL PROFILE — NON-CS PERSONA B FOR MERITMAP GENERALIZATION DEMO
Gothenburg, Sweden | elena.rostova.env@example.org | linkedin.com/in/elena-rostova-fictional

EDUCATION

Bachelor of Science in Environmental Engineering & Sustainability
Stockholm University | 2021 – 2025
Cumulative GPA: **3.82 / 4.00** (Top 3% of graduating cohort)

RESEARCH INTERESTS & SKILLS

Technical Core: ArcGIS Pro, QGIS, Hydrological Modeling, Carbon Footprint Accounting, R, Python (Pandas/GeoPandas)
Domain Specialization: Wetland Restoration, Renewable Policy, Circular Bio-Economy, Life Cycle Assessment (LCA)

FIELD RESEARCH & EXPERIENCE

Research Fellow — Nordic Peatlands Methane Flux Analysis
• Monitored automated greenhouse gas flux chambers across 14 sub-arctic sampling stations.
• Co-authored submission to European Geosciences Union (EGU) General Assembly 2025.

Undergraduate Thesis — Urban Runoff Heavy Metal Mitigation
• Designed bio-retention swale prototype reducing urban copper and zinc runoff by 68%.

STUDY PREFERENCES

Seeking Master degree fellowships in Sustainability / Environmental Policy.
Target Countries: Netherlands, United Kingdom, Sweden. Budget constraint: High funding need.
